

Advance-Nilfisk Part

Advance-Nilfisk Part - Imagine how long and tedious it would be to tidy up after a party, with out help from machines. Not too long ago, the dirt from carpets and upholstery had to be beat out of them by hand; brushes, cleaning cloths and brooms were the best cleaning products at the time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Starting the business in the year 1906, he started to produce motors to be able to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the beginning was to own an international business advertising goods globally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single person. This invention came in a time where many cleaning equipment were huge and required at least 4 operators, therefore, the Nilfisk C1 transformed everything and evolved the method we clean forever. The mastermind behind these first cleaning machines remains unparalleled. Cleaning machines offer a brilliant solution to an existing problem; stuff get dirty and should be cleaned regularly, without too much effort.

Little by little, the company Nilfisk-Advance expanded throughout the years. During the the early part of the nineteen eighties the business expanded fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, trying to be an active worldwide player in manufacturing professional cleaning equipment. Nilfisk-Advance is currently represented in all parts of the world due to gradually acquiring lots of smaller companies so as to develop their product selection and presence in new markets. They are really proud to offer various cleaning solutions to meet each and every requirement.
